Please read through these and make any necessary changes before forwarding to EPA.

Thanks,  
June

Lourdes and Tonya,

Please find attached for your review copies of the PowerPoint and Talking Points for EPA's Ethylene Oxide 101 webinar on May 20, 2021 at 6:30 pm.

- Please let me know if there are any **major errors** in these documents by the end of today (5/13/21). We will be releasing a copy of the PowerPoint only to the non-governmental organizations that are working with Jonna Polk on the Environmental Justice roundtable discussions tomorrow.
- Any other corrections that you see, please let me know by the end of the day tomorrow (5/14/21).

If you have any questions that you would like addressed in the Questions and Answers section, please send those to me by the end of the day tomorrow (5/14/21).

- We currently have placeholder questions in the documents.
- We will NOT be showing the questions and answers to the audience. I have included these for your information.

As time permits, we will be answering common questions at the end of the webinar. (Presentation is about 40 minutes long. With the introductory and closing remarks, we anticipate 10-15 minutes for questions.)

Please contact me, Jeff or Ruben if you have questions or comments that we can address for you.

Fran
